SINCK

With Sinck, we aim to be the kind of restaurant we'd love to visit ourselves: that slightly classical restaurant where it's a joy to spend time. That's why we're located in this centuries-old building on our beloved Prinsengracht. Food and wine take centre stage, and our simple goal is to make sure you have a great time. Every day, we strive to be that place you enjoy visiting as much as we do.
